WRP Helps Clients Achieve Savings

Since 2000, Waste Reduction Partners' team of retired professionals has provided more than 243,400 hours of "pro bono" technical expertise. Recommendations translate to more than \$80.1 million in utility cost savings, 1 billion gallons of water saved, 2.7 trillion BTUs reduced, and 237,175 tons of solid waste diverted from landfills.

WRP Services for 2015 - 2016

- **STATE-SPONSORED ENERGY ASSESSMENTS**
Energy assessments are available for public, private, and non-profit organizations in North Carolina. WRP staff will provide a report with recommendations and a cost-benefit analysis.
- **RURAL ENERGY FOR AMERICA PROGRAM**
WRP engineers provide energy assessments for small businesses in rural NC through the REAP Program. To find out more, visit the WRP website - wastereductionpartners.org.
- **ZERO WASTE AND RECYCLING**
The WRP Solid Waste Team can help your organization improve recycling programs, identify markets for waste streams, pursue zero waste strategies and save money on disposal.
- **LEAN AND GREEN REVIEWS**
The WRP Engineering Team is delivering focused, on-site Value Stream Mapping (VSM) workshops which address productivity improvements, efficiency, and environmental performance of a selected operation.
